Pre-Employment Transition Services

The Florida Department of Education, Division of Vocational Rehabilitation (VR) works together with students, families, schools and community agencies and organizations to provide services that promote successful transitions from school to work and into adult life.

What is Pre-Employment Transition Services?
Pre-Employment Transition Services (Pre-ETS) offer students with disabilities an early start at career exploration and preparation for adult life.

Beginning at age 14, students with disabilities can connect with VR for Pre-ETS. VR works with students, their families, their schools and community partners to enrich transition planning and support students with gaining knowledge and experiences necessary so they may make informed decisions about their future.

Under the Workforce Innovation and Opportunities Act (WIOA), every student (ages 14-21) with a disability has the opportunity to participate in Pre-Employment Transition Services (Pre-ETS). This includes:

- Job-exploration counseling
- Postsecondary educational counseling
- Self-advocacy training and peer mentoring
- Work readiness training, and
- Work-based learning experience

Students with disabilities may participate in Pre-ETS without having to apply to VR or be determined eligible for services. The focus is to develop work skills, practice social skills and acquire a network of community supports while the student is still in high school.
